

Lab Coats & Jackets

MedFlex™ professional jackets and lab coats give you easy, comfortable protection. First Medica™ MedFlex™ fabric is cool on the inside, repellent on the outside – it breathes as it protects. MedFlex™ lab coats and jackets are disposable or reusable, non-allergenic, and can be autoclaved for repeated use to save money. Superior quality, superior customer service and superior value make MedFlex™ lab coats and jackets the superior choice.

MedFlex™ Armor – Antimicrobial Disposable Lab Jackets

Recent studies at major hospitals and universities suggest that the use of antimicrobial impregnated scrubs have been shown to decrease the risk of transferring MRSA, Staph, Strep, Salmonella, Tuberculosis and many more microbial infections among patients. MedFlex™ Armor is the only reusable yet disposable lab jacket in the healthcare market today that is pre-coated with an EPA registered and USDA accepted antimicrobial protective coating that kills harmful microbes on contact for the life of the garment.
